

Comprehensive Energy Coverage

Worldwide Facilities offers national coverage options from an AM best A+ XV rated carrier to help energy businesses thrive. We provide solutions for energy companies of all sizes and a wide range of operations - from power generation and utilities to renewable energy. Our dedicated team specializes in unique risks and knows how to help you manage them.

HIGHLIGHTS

- AM Best A+ XV rated carrier
- Available in all 50 states
- Coverage lines include General Liability, Auto, Work Comp, XS, Prop and IM
- Loss Sensitive Options Available (Large SIR and Deductibles)

ACCEPTABLE CLASSES

- **Salt Water Haulers** (strong loss history given the exposure, target premium of \$400k+ for all lines, prefer to write WC with the Auto - cannot be injecting salt water into disposal wells / no owned or operated disposal wells)
- **Roustabout Contractors**
- **Terminal Operations**
- **Frac Sand Haulers** (strong loss history given the exposure, target premium of \$400K+ for all lines)
- **Rig / Heavy Equipment Haulers** (strong loss history given the exposure, large accounts that perform well, potentially large deductible)
- **Oilfield Tool and Equipment Rental**
- **Pipeline Construction / Maintenance**
- **Natural Gas Pipeline Operators**
- **Power Generation & Utilities Renewable** - Energy, Electrical Co-Ops, Independent Power Producers
- **Renewables** - Geothermal, Hydropower, Biofuels, Biomass, Wind and Solar Energy (Manufacturers, Contractors, Maintenance Service Providers)
- **Over / Down-Hole Contractors** - Drillers, Fracking, Wireline, Workover Casing, etc. (case-by-case basis, large account necessary to support a high deductible/SIR)
- **Mining** (surface mining acceptable, coal mining with management approval, \$250K MP)

RESTRICTED CLASSES

- Offshore Driven Operations
- Standalone Auto
- Long-Haul Transportation
- Pressure control Contractors / Well Blowout Specialists
- Owner Operators (may consider if limited or only contracting with our insured)
- Crude / Gas haulers (may consider if very large account with large retentions)

REQUIREMENTS

- Five years of historical payrolls (just the total, not broken out by the class code)
- Five years of historical sales for GL
- Five Years of historical power unit count
- Vehicle schedule in Excel format (preferred)
- Explanation of larger claims over \$20K
- Contact for risk engineering phone survey
- Supplemental

MINIMUM PREMIUMS

- Non-Upstream: \$150K for all casualty lines (some exceptions if close to the MP and/or growing)
- Upstream: \$250K for all casualty lines
