PRODUCT HIGHLIGHTS

- The carrier offers industry-certified in-house safety engineers dedicated to your business. They conduct physical inspections that will help identify and eliminate loss potentials. Their goal? To help its partners reduce losses.
- The carrier has the largest number of industry-specific dedicated personnel on each account program, focused on service well beyond the policy's purchase.
- The carrier's insurance programs are customized to each policy holder, allowing insureds to closely align workers' compensation costs to employees' individual claim experiences.
- The carrier is a true Workers' Compensation partner-insureds participate in decisions about claim resolutions, amounts that are paid, and amounts held in reserve to pay claims.
- The carrier conducts periodic claim, loss control, and program reviews and monthly program analysis.
