

Upstream Energy Liability Program

Worldwide Facilities is pleased to announce our Upstream Energy Liability Facility, which is tailored to fit the needs of Oil and Gas Lease Operators / Non-Operators. This facility partners the Worldwide Facilities Energy team with one of the premier energy liability underwriting teams in today's market.

In conjunction with our in-house O.E.E. and P.D. program underwritten in our Houston office, we now provide our retail clients with a solid package offering.

PROGRAM HIGHLIGHTS

- Limits up to \$25M
- A+ XV Carrier
- Minimum Premium: \$7,000
- Comprehensive General Liability with \$25M in Excess / Umbrella Capacity (Higher Limits Available)
- Sudden and Accidental Pollution (45/120) coverage
- Pollution includes "First Party"
- Defense "outside" the Limit
- Rapid Response (Claims and Policy Issuance)
