Worldwide Facilities' Chicago Office Adds Motor Truck Cargo / Auto Physical Damage Program

CHICAGO, IL - September 1, 2016 - Worldwide Facilities is pleased to announce the addition of a Motor Truck Cargo / Auto Physical Damage program out of its Chicago office. Worldwide has in-house underwriting and binding authority on "A"-rated paper, as well as domestic claims authority from TPA on all claims under \$50,000.

"There are currently not many markets for this type of coverage," says Andy Simkins, Vice President and Property Broker at Worldwide Facilities' Chicago office. "The fact that we can offer access to it on these terms is of great benefit to the agents we work with and their insureds."

The Auto Physical Damage coverage offers up to \$2 million in fleet values, and the Motor Truck Cargo program covers up to 25 units or \$250,000 per vehicle. Worldwide Facilities is able to offer each program on a monoline or package basis. Target classes include both owner-operators and small to mid-sized fleets.

"This new addition significantly expands our offerings in this area," says David Fiske, Branch Manager. "Our Chicago team brings decades of specialized experience to the table, and we look forward to continuing to provide outstanding customer service to agents and brokers placing commercial transportation risks."
