

# Exclusive Quoting & Binding for Upstream Energy

Worldwide Facilities is pleased to announce the launch of an exclusive online quoting and binding facility for upstream energy, currently targeting land based Oil & Gas non-operators with working interest in producing wells. This first-of-its-kind rating approach recognizes the unique risks associated with non-operated working interest owners.

Retail agents can obtain an immediate full package quote through our online application at [energyinsuranceonline.com](http://energyinsuranceonline.com).

## A FULL PACKAGE QUOTE CONSISTS OF THE FOLLOWING AVAILABLE COVERAGES:

- Control of Well
- Commercial General Liability
- Oil Lease Property
- Associated Loss of Production (Loss of Income)

## HIGHLIGHTS

- **Realistic and Suitable Minimum Premiums** - Highly Competitive with Industry Standards
- Security A15 from Top-Rated Underwriters

## WHY CHOOSE ENERGY INSURANCE ONLINE?

Non-operating working interest holders in producing properties deserve rates that fit their risk. With 100+ years of Energy insurance experience, the EIO team, partnered with top-rated underwriters, bring a quality solution to small, non-operator working interest holders. Our team stands ready to address the issues and risks unique to non-operators.
