

Meet the Southern CyPro Team

We are specialists within specialty lines: Cyber / Tech, Private/Non-Profit Entities, Financial Institutions, Healthcare PL / GL, Healthcare Management Liability, A&E / Contractors Professional, LPL and more. Each team member is designated a specialty to enhance coverage and leverage with markets that are difference makers within a niche / specialty. The CyPro team is located throughout TX, GA and TN.

AREAS OF EXPERTISE

- Management Liability: D&O / EPL / Fiduciary / Crime
- Cyber Liability
- Any E&O / PL Concern: Lawyers, A&E, Real Estate, Contractors, Insurance Agents, Tech E&O, etc.
- Med Mal / Healthcare Management Liability / Managed Care E&O
- Financial Institutions
- Reps & Warranties

WHY US?

Expertise

Our team operates under a shared revenue model which ensures your submission makes it to the broker who is most knowledgeable for the risk. Eight heads are better than one!

Broad Reach

We have three underwriting regions and are not beholden to one underwriting territory. We all know certain carriers / underwriters can be weaker in one region vs. others and our structure enables us to arbitrage those differences to secure the best terms for your clients.

Technical Attention to Detail

Anyone can layer Excess; we can drive primary terms that matter and avoid meaningless coverage checklist items.

Broader Range of Experience

Brokers and inside brokers have experience at large wholesalers, carriers, and retail agencies. No matter how unique the risk, one of us will have familiarity. Over 100 years of brokerage/underwriting experience at your fingertips.
